Applicants sought for the Napa County Commission on Aging

NAPA – The County Executive Officer announces eight openings on the Napa County Commission on Aging, due to expiring terms and a vacancy, representing the following categories: District 1 and District 2 – with terms expiring on September 30, 2019; District 3 – with term expiring September 30, 2018; and Organizations Concerned with Older Adults – with five terms expiring on September 30, 2019.

Commissioners serve as advocates by increasing awareness of issues impacting older adults and influencing public policy with the Board of Supervisors. Among the many issues on their agenda are affordable housing, transportation and healthy aging initiatives. The Commission consists of 15 members - one member from each of the five Supervisorial Districts and ten additional members at large. These are individuals who are interested in trends relating to aging and working with the Board of Supervisors. It is desirable that all appointees are over the age of 55, but a person of a younger age will not be excluded. Meetings take place on the fourth Monday of every month at the County Administration Building in Napa and other County-wide venues. These meetings provide an opportunity to hear updates from the Board of Supervisors and expert speakers from local and statewide agencies on topics related to older adults in Napa County.

Anyone interested in consideration for appointment must submit a completed application form. Application forms are available at the County Executive Office, 1195 Third Street, Suite 310, Napa, CA 94559, telephone (707) 253-4421 or online at www.countyofnapa.org/ceo/committeesandcommissions. Click on “application for appointment” under the “Current Openings” heading and follow the application instructions. **Recruitment will remain open until vacancies are filled.**

###

The Board of Supervisors and staff of Napa County are dedicated to preserving and sustaining Napa County for present and future generations as a community with generous open space, a thriving agricultural industry and a quality human and natural environment.
